# SPInE FYP Inventory System - UAT Test Plan and Execution Record

## Sistem Inventori FYP SPInE - Pelan UAT dan Rekod Pelaksanaan

Scope / Skop: JTMK - Information Technology | DFT50114 Integrated Project  
Execution / Pelaksanaan: Manual browser acceptance tests / Ujian penerimaan manual melalui pelayar. Not yet executed / Belum dilaksanakan; results are marked NOT RUN / keputusan ditanda BELUM DIUJI.  
Test environment / Persekitaran ujian: \_\_\_\_\_ Execution date / Tarikh: \_\_\_\_\_ Tester / Penguji: \_\_\_\_\_

## User Acceptance Testing (UAT) | Ujian Penerimaan Pengguna

Use isolated test accounts and non-production data. Mark Pass or Fail after completing each workflow. Record tester and comments/defect. Record N/A with a reason.  
Gunakan akaun ujian dan data bukan produksi. Tandakan Lulus atau Gagal selepas melengkapkan aliran. Catat penguji dan komen/kecacatan. Nyatakan sebab jika T/B.

| No. | Test Case Name<br>Nama Kes Ujian                                  | Acceptance Requirement<br>Syarat Penerimaan                                                                                                                                                                                       | Pass<br>Lulus | Fail<br>Gagal | Tester<br>Penguji | Comments<br>Komen |
|-----|-------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|---------------|-------------------|-------------------|
| 1   | Sign-in and role access<br>Log masuk dan akses peranan            | Student, Supervisor and Admin access correct pages; invalid credentials and unauthorized access are rejected.<br>Pelajar, Penyelia dan Pentadbir mengakses halaman yang betul; kelayakan salah dan akses tanpa kebenaran ditolak. | [ ]           | [ ]           | _____             |                   |
| 2   | Student profile<br>Profil pelajar                                 | Permitted profile changes save; invalid image or short password is rejected.<br>Perubahan profil dibenarkan disimpan; gambar tidak sah atau kata laluan pendek ditolak.                                                           | [ ]           | [ ]           | _____             |                   |
| 3   | Project registration and group<br>Pendaftaran projek dan kumpulan | Student registers a complete project and adds/joins up to three eligible group members.<br>Pelajar mendaftar projek lengkap dan menambah/menyertai kumpulan sehingga tiga ahli yang layak.                                        | [ ]           | [ ]           | _____             |                   |
